| 🗓 Encode Club ZK Bootcamp 2024 Q1

Topics

- technology?
  - ZKG: bind the wallet and the verification
  - FHE: search the UserID + campaign
  - MINA?
  - Tellor (Oracle)
  - ERC-6900 (account abstraction)
  - options
    - [reclaim protocol](#) ([Reclaim](#)) [SDK](#)
      - proof of personhood ([link](#))
        - WorldId
        - BrightID
        - Social Handles
        - conditions
      - attestation
      - loyalty
    - Sui ([zkLogin](#)) [SDK](#)
      - Social handles
- flow?
  - user goes to BldRnr homepage
  - associates wallet
  - associate social login (OAuth2):
    - Twitter
    - GitHub
    - GSuite
    - Facebook
  - iterate (associate other OAuth2)
- user stories
  - as a CHAIN
    - I would like to reduce the number of Bots in an AirDrop
  - as a HUMAN
    - I would like to receive an AirDrop
- actors
  - wallet (human)
  - chain (verifier)
  - campaign (name of the blockchain or campaign)
- incentives
-

Actions

- ☐ update presentation
- ☐ integrate with zk-human-airdrop
- ☐ presentation at Bootcamp
